

# Stop Change Request

In Accordance with Board Policy EEAB, this form is provided for parents/guardians who would like to request a change in stop for safety reasons. Parents/guardians are responsible for their and supervision at bus stops as well as to and from the stop.

The Columbia Public School District transports over 9,500 students daily. Bus routes and stops are determined based on considerations for safety, efficiency and effectiveness to stay in the times allowed to get students to and from school in a timely manner.

Each year hundreds of change requests are received, and all are reviewed. The list of items below, though a concern for parents, are examples of situations that may not be reasons for change by the district:

- Walking distance to the stop

- meaning students may have to walk as far as:

- o Grades 9 - 12: up to 2 miles

- o Grades K-8: up to 1 mile

- Visibility of stop from residence

- Issues with overseeing non-school age children
